- President Ellen Johnson Sirleaf has reconfirmed government's commitment to the process of decentralization in the country amid the dedication of Bong County Service Center in Gbarnga, Bong County, on Monday, April 25. The Bong County Service Center is among other initiatives, which form part the Liberian government's decentralization platform intended to bring services closer to the people and a vision for a new Liberia that responds to the needs of its people by being more inclusive in governance, service-oriented and economically participatory. The Service Center is a one-stop shop where documentation-related services including permits, licenses and certifications are offered reflecting the same value and cost in Monrovia.
