- The Liberian President has called on Liberians to give to someone love because they may not see them again. President Ellen Johnson Sirleaf made the remarks at the Thanksgiving and Intercessory Worship Service in observance of the 168th Independence Anniversary of the nation held at the Trinity Cathedral Episcopal Church on Broad Street in Monrovia. Earlier, the Liberian leader called for the observance of a moment of silence in supplication amid the passing away of Dr. Edward B. McClain, Minister of State for Presidential Affairs, on Saturday, July 23, whom she described as “a small brother, friend and a great wit.”
